

origami

6 easy steps:

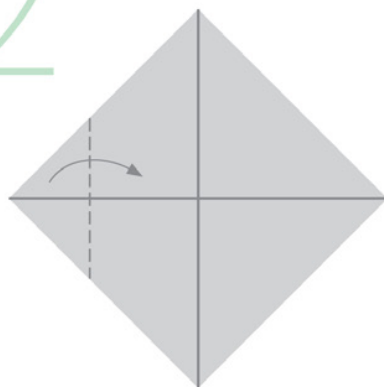

1

Fold the squares corners together.

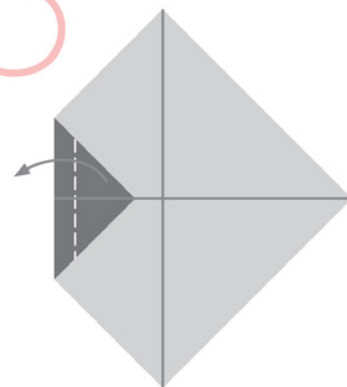

2

Then fold the left corner in as shown.

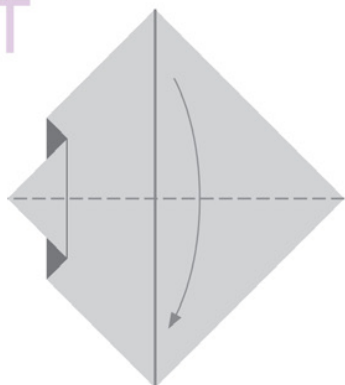

3

Now fold over again to form the beak.

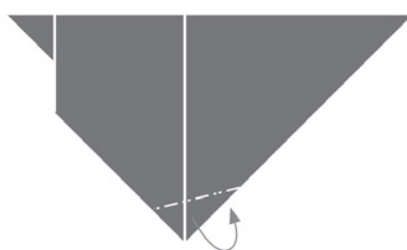

4

Fold the top corner down to meet the bottom corner.

5

Fold bottom corners inwards. Changing the angle will vary the way each chick sits.

6

Ta-daaaah!!!
Make sure to give your little chick some eyes. We used buttons but anything goes!
